

# Product Announcement

## LIMITED SUPPORT PRODUCTS NOTICE

*ProxKey® II and iCLASS® Key I Replaced with New Form Factor*

This notice is to inform you that HID Global® has announced limited availability of the ProxKey® II and iCLASS® Key I. Both products are now replaced by the ProxKey® III and iCLASS® Key II.

ProxKey III and iCLASS Key II features:

- The newly designed and enhanced iCLASS Key II nearly doubles the read range of the original iCLASS Key.
- The new design is significantly more durable than the legacy ProxKey II, reducing RMAs and warranty claims.
- The new fob design provides customers with more flexible customization options with the rubber insert (colors and embossing can be modified for rebranding the product).

The iCLASS Key II and the ProxKey III (patent number D647 810) are in stock and available immediately.
